Customize Your Clock

Hand Painted Nameplates

Discover the authentic look of custom hand painted nameplates. An outdoor clock is a powerful statement about your organization. This clock design brings forth your name in an elegant and prominent manner.

Memorial & Donor Nameplates

Honor someone special to you or a donor who has generously contributed to your organization with a custom nameplate dedicated just to them.

POWDER COATING COLORS: Black, Evergreen, Hand Rubbed Bronze, Swedish Silver and many more powdered coated colors to choose from.

SINGLE & DUAL SIDED: Depending on your placement you can choose between a single or dual sided post clock.

SOLAR POST CLOCK: Operating on minimal sunlight giving you a simple installation and no worries about electricity.

ELECTRIC POST CLOCK: Electric clocks come with the dial face lighting that adds to your night time landscape.

Cities, Towns & Parks

Create a Captivating Landmark for your Organization

These Unique Clocks are Focal Points and Gathering Places on City Sidewalks, Parks and Town Squares

We combine a beautiful visual display of outdoor time with the ability to customize the clock to suit your location, thereby, delivering an exquisite clock to your organization.

These solar clocks can be found throughout the United States, from California to Connecticut, from Michigan to Alabama, delivering accurate, reliable GPS time. The clocks are affordably custom made for each customer and over time become a landmark for your organization.

Golf Courses & Resorts

Unite the Driving Range - 1st Tee - Practice Area *Beautify your Grounds*

The qualities of your clock should be synonymous with the character of your organization; reliable, tasteful, and enduring.

Our Outdoor Solar GPS-Accurate Clocks at your facility not only enhances the look and feel of the grounds but will improve the overall operations by keeping everyone on the exact time all the time.

Clocks visually provide the official time for your facility. Nobody walks past an outdoor clock without looking at it and getting the time. This intrinsic value of outdoor clocks is important on golf courses, resorts, country clubs and throughout the grounds when activities are time based and essential to a smooth operation.

School Campuses

Discover how Solar Technology & GPS Accurate Time Creates a Nostalgic Old World Time Piece on your Campus

When it comes to Honoring Alumni/Donors, there's nothing quite like a Beautiful Outdoor Analog Clock

Beautify the Campus

Custom to Match your School Colors

Building & Wall Clocks

These beautiful clocks are designed and manufactured especially for buildings and towers.

They are offered in sizes ranging from 18" up to 72".

Clocks come with or without illumination, including white translucent dials and standard black numerals for exceptional durability and very low maintenance.

Standard choices are Modern, Arabic, or Roman dial faces, however other styles can be manufactured.

About Us

"Nothing Counts Like Service"

Our Company

Chomko LA, with offices in Pittsburgh, PA and Atlanta, GA is a manufacturer, distributor and certified partner for some of the most effective technology driven products in Synchronized Time and Communications. By specializing in GPS clocks and communications we serve markets in education, healthcare, the golf industry, manufacturing and government.

Our present day product line and skill set is built on a foundation of more than 25 years of experience. Our products have greatly enhanced and simplified the way schools, hospitals, golf clubs and businesses operate and manage their organizations.

Mission Statement

We believe that "Nothing Counts Like Service" and therefore, our mission is to deliver outstanding service to our customers. If we front end well designed and engineered products with excellent customer service, our customers will have products and services that make their organizations more effective and efficient, saving them money and time.
